## What This Mark Means

When a manufacturer is ashamed of his product he puts no trade-mark on it—or perhaps a special trade-mark for a dealer foolish enough to buy "seconds." When he is proud of his product, he puts his trade-mark on the goods.

The genuine ATKINS SAWS bear the Atkins mark of pride, and it represents more than fifty years of growth of experience, of "know-how." It represents a reputation that has been earned by conscientious effort through half a century to make the best saws the world has known.

A Saw Sense booklet and bangle pin free to anyone asking to see Atkins Silver-Steel Saws.

Olney W. Phillips Brings Suit  
Against Terre Haute, Indianapolis  
and Eastern Traction Company in  
Circuit Court.

Olney W. Phillips has filed suit  
against the Terre Haute, Indianapo-  
lis and Eastern Traction Company  
to collect damages for three head of  
mules killed, it is alleged, by the de-  
fendant company. The complaint  
states that the traction company had  
failed to fence and place cattle  
guards at the crossing of roads, and  
that because of this negligence three  
yearling mules belonging to the  
plaintiff strayed upon the track.  
They were struck, the complaint al-  
leges, and killed by a car.

The plaintiff asks damages in the  
sum of five hundred dollars. Geo.  
E. Easley, of Danville, is the at-  
torney for the plaintiff.

Feared.

Dr. Moser Friday morning sallied  
upon local druggists for a large sup-

child, was seriously sick before it  
was diagnosed as diphtheria, the dis-  
ease having come as the culmination  
of other complaints. About twenty  
children have been exposed, and it

### THIEVES ARE SENTENCED

Boys who Relieved George Knauer,  
of Eleven Fowls, Sent to Refor-  
matory by Judge Rawley.

### TIME FROM ONE TO EIGHT YEARS

Claude Ash, John Thornburg and  
Roscoe Yopp, the three boys accused  
of chicken stealing, who pled guilty  
last week before Judge Rawley,  
were before the court Monday  
for sentence. Judge Rawley ordered  
that they be confined in the  
southern reformatory at Jefferson-  
ville for from 1 to 8 years. Ash was  
twenty years of age, Thornburg was  
twenty-three and Yopp but eighteen.  
Thornburg is also disfranchised for  
two years.

The three boys entered the barn  
of George Knauer, on the north side  
and took eleven chickens, they were  
suspected, arrested and when arraigned,  
pled guilty. Judge Rawley  
took time to think over the case,  
and this morning passed sentence as  
above. They will probably be re-  
moved to the reformatory some  
time this week.

### TAKEN TO JEFFERSONVILLE

Sheriff Maze Starts to Jefferson-  
ville with the Three Young Men  
Who Stole Chickens.

Sheriff Maze, in company with  
Claude Ash, John Thornburg, and  
Roscoe Yopp, the three young men  
who pled guilty of stealing chickens  
from George Knauer, near two  
weeks ago left the city by via Van-  
dalia at an early hour this morn-  
ing for Jeffersonville. The boys  
were placed in the reformatory  
there, from 1 to 8 years by order of  
Judge Rawley.

## THE FIGHT ON IN EARNEST

Terre Haute, Indianapolis and  
Eastern Traction Company Lock-  
ed in Serious Struggle with Bra-  
zil.

### COMPANY MAKES NO CONCESSIONS

The Brazil fight on the Traction  
Company is growing serious. The  
Democrat of that city said:

The fight is on. The Terre Haute,  
Indianapolis & Eastern Traction  
company has practically admitted  
that it discriminated against Brazil  
purposely and is glad of it. This  
was the message which Vice Pres-  
ident Appel conveyed to the business  
men's committee at a meeting in the  
directors' room of the Brazil Trust  
company last evening.

A mass meeting of all business  
men of the city will be held at the  
Council chamber Wednesday night  
to perfect a permanent organization  
of a business men's commercial club  
which promises to look after the  
city's interest in the future. It may  
be that they will get the stable  
locked before all the horses are  
gone, but the hope is rather forlorn.

One of the first acts of this organ-  
ization will be to ask the Council to  
purchase the Brazil Electric com-  
pany plant. They will also ask that  
the management of the plant be  
placed in the hands of a non-parti-  
san commission and will ask the  
Council to appoint one Republican  
and one Democrat member of this  
commission and authorize the busi-  
ness men's association to appoint  
the other member. The business  
men are of the opinion that this  
will have more effect on the traction  
company than any other step that  
can be taken at this time.

### F G J ENTERTAINS AT DANCE

Young Ladies of the Town take their  
Gentlemen Friends to the Elks  
Club Rooms and show them how  
Things Should be done—All rode  
in Carriages.

### LUNCHEON AT THE PALACE CAFE

It was the young men of the town  
who did the "Waiting at the Church  
stunt Thursday," for it was the mem-  
bers of the F. G. J. who issued the  
invitations for a Leap Year dance to  
be given at the Elks Club Rooms.  
The young ladies informed their  
friends that they would call for them  
at 8 o'clock and each guest was  
ready at that time. When the  
young ladies came for the men it  
was in carriages. Several of the guests  
were kept waiting quite awhile, too,  
before the carriages arrived for them  
and they had an opportunity to, ex-  
perience how waiting felt as they  
perhaps kept the young ladies wait-  
ing for them at different times.

About forty attended the function.  
Mr. and Mrs. Charley Broadstreet,  
and Mr. and Mrs. Sayers were the  
chaperones of the evening. After  
dancing and card playing until a  
late hour the young ladies took  
their guests to the Palace Restaurant  
where a two course luncheon was ser-  
ved. The upstairs dining room  
used for the occasion of the lunch  
was decorated with cut flow-  
ers and hearts. The leap year idea  
was carried out all during the even-  
ing. The affair was one of the most  
enjoyable of the social season.

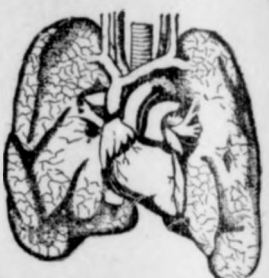

Those who were present out of  
town, were Roy Eads and Miss  
Jesse Airhart, of Roachdale, Miss  
Veda Lambert, of Clinton and Flor-  
ence O'Neal, of Warren.

### SHE DID NOT FEAR DEATH.

An old lady on her seventy-third  
birthday once said, "I do not mind  
getting old, and I do not fear death,  
but I live in constant dread of  
paralysis."

"For some time I have been want-  
ing to tell you of the great good  
your wonderful Sloan's Liniment is  
doing here," writes Mr. James F.  
Abernethy, of Rutherford College,  
N. C. "In fact, all your remedies  
are doing noble work, but your Lin-  
iment beats all. In my eight years'  
experience with medicine I find none  
to go ahead of it, having tried it in  
very many cases. I know of one  
young man, a brick mason, who suf-  
fered from a partial, yes, almost  
complete, paralysis of one arm. I  
got him to use your Liniment, and  
now he can do as much work as  
ever, and he sings your praise every  
day. I get all to use it. I possibly  
can and know there is great virtue  
in it. I have helped the sale of your  
noble remedies about here greatly  
and expect to cause many more to  
buy them, as I know they can't be  
beat."

## YOUR LUNGS

ARE THEY WEAK OR PAINFUL?  
Do you spit yellow and black matter?  
Are you continually coughing and  
hawking?

Have you pains in chest and sides?  
Do you have pains under your  
shoulder blades?

THESE ARE REGARDED SYM-  
TOMS OF LUNG TROUBLE AND  
**CONSUMPTION**

You should take immediate steps to check the progress  
of these symptoms. The longer you allow them to  
advance and develop, the more deep seated and serious  
your condition becomes.

We Stand Ready To Prove To You  
absolutely, that Lung-Germine the German Tonic  
has cured completely and permanently cases of  
advanced Consumption, (Tuberculosis), Chronic  
Bronchitis, Catarrh of the Lungs, Catarrh of the  
Cholera Tubes and other Lung Troubles.

Many sufferers who had lost all hope and who  
been given up by physicians have been perma-  
nently cured by Lung-Germine.  
It is not only a cure for Consumption but a pre-  
ventative. If your lungs are merely weak and the dis-  
ease has not yet manifested itself, you can prevent its  
development, you can build up your lungs and ap-  
ply to their normal strength and capacity.

Lung-Germine has cured advanced Consumption  
many cases over four years ago, and the patients  
main strong and in splendid health today.

Here Is Evidence From One Case  
Under date of Mar. 11, 1907, William Schmidt,  
194 Coleman St., St. Louis, Mo., writes: "I  
now nearly four years since my cure of Con-  
sumption was made complete by your Lung-  
Germine, and I am happy to say that I remain  
as well and strong today as the day I was  
cured by Lung-Germine."

remarkable cures, also a FREE TRIAL of Lung-

## OBITUARY.

The deceased, William W. Gardner, was born Friday 13, 1891 and was called to his Eternal Home February 5, 1908, aged 16 years 11 months and 22 days. He leaves behind to mourn his loss a father, mother, five sisters and two brothers.

About eighteen months before his death, he became afflicted with bronchial trouble, which made it impossible for him to continue his High School work.

During his long illness he bore his suffering with great patience. He had a most kind and loving disposition always having a pleasant word and smile for everyone.

He realized the end of life was near, often praying, "Take me, O take me." He was very fond of music, having his cousin play the guitar for him on the evening before he died. A few minutes before the death Angel came, he said to his sister, Daisy, "Just listen to the music." He often spoke of dying and expressed his willingness to go though he would have been glad to live had it been God's will. His only regret being that he had not been able to repay those who had done so much for him.

"But God in his wisdom has recalled The boon his love had given, And though the body moulders here, The soul is safe in heaven."

And now there is one less friend on earth; one more in Heaven.

"Art thou so far, O dear one, thou dost not know What wondering looks we lift unto thy up here;

What visions of transcendent fairness grow.

About thy likeness so familiar here; What questioning thoughts of what thy life may be;

What varied tasks thy growing powers employ.

What fitness of sight and sound agree

To crown thy fullness of completed joy?

Nay, nay, thou art not far—we hold thee still,

Our souls catch music from thy spirits tone;

Something upon our hearts clear dews distill.

From wandering airs of that untroubled zone,

Where thou dost range—Thou dost not love us less

That we so blindly seek our crown to win,

That in our narrow bounds we cannot guess

To what great glory thou hast entered in.

O gentle spirit, who hast gained so much

Sometimes we pray thee, when our when our hearts are sore,

Reach pitying down with healing in thy touch;

Inspire the faint, who faintest now no more

Sometimes, when dangers thicken in our way,

Send to our shrinking souls a breath of cheer

That we may feel thee living, day by day,

Our loved one, who so far and yet so near."

## IN MEMORIAM.

Fillmore Chapter, Order Eastern Star, Fillmore, Ind. Feb. 13, '08.

Whereas, The marble hand of Death has again entered our Chapter, and laid his icy hold on our beloved sister, Mary Frances Cowgill, the "golden bowl" was shattered, the "silver cord" was loosed, and her beautiful life went out from amongst us. Her soul was transferred to its guardian angel. While we bow to the Divine Will assuring ourselves "He knoweth best," we keenly realize our loss and

Whereas, we desire to show our love and respect for our departed sister, Be it therefore Resolved, That Fillmore Chapter, No. 186, Order Eastern Star extend to the bereaved relatives our sincere love and heartfelt sympathy in this sad hour of separation, commending them to look beyond this weary world; living righteously as our sister did; finally hearing the voice of the Great Shepherd, and soaring joyfully to the pearly gates of the Everlasting Home.

Resolved, That while we shall miss her O so much, we can but feel

"That our sister now stands at the Lord's right hand,

Beholding the light of his face, And hears the glad song of the angels who stand

And sing of his wonderful grace.

And her joy is complete as a dear name is told

In their praise of the pure and good.

The Master repeats the sweet saying of old

Blessed Child, "She hath done what she could."

Be it further Resolved, That a copy of these resolutions be spread upon the records of this Chapter, printed, and furnished the family of the deceased.

## ASK FOR INSTRUCTIONS

Defense in the Simpson Case Asks Judge Clark to Instruct Jury to Bring in Verdict of Not Guilty.

At the beginning of the Simpson case Monday morning the state rested, and the defense made a motion that Judge Clark issue peremptory instructions to the jury to find for the defendant. The jury was excused while argument on the motion was heard. The Defense held that the state had failed to make a case, and that it was the duty of the judge to order the jury to return a verdict of not guilty at once, and free the defendant from the strain of further proceedings.

After hearing exhaustive argument Judge Clarke ruled against the motion, and declared that the case must go on. At the opening of the afternoon sitting of the court, Attorney G. A. Knight began the statement of the case for the defense. It is expected that the defense will occupy most of the week with the examination of the witnesses it wishes to introduce, and that the case will not go to the jury before the first of next week, if then.

## HORSES ARE PAID FOR

Messrs Rickards and Ragan Adjust the Matter of the Drowned Team with Harris & Hirt.

Monday morning Messrs Rickards and Ragan met the firm of Harris & Hirt to adjust the matter of paying for the team drowned on last Friday night. The settlement was amicable, and the students are loud in their praise of the kindness of the livery firm in the matter.

The boys also state that the many reports of the affair that are current are exaggerated and untrue. There was no bad driving. As a matter of fact the excellent work of Mr. Regan in holding the horses against the current, and keeping the vehicle right side up till the girls were rescued alone prevented a tragedy. The horses would have been saved, as the boys made heroic efforts in that direction, but for the steep bank which made it impossible for the horses to climb out. They slipped back and were washed away.

No cries for help were given, and no one in the vicinity knew of the accident till all were out and the boys knocked on the door of the Sims' home, where they were cared for and made comfortable. The boys severely criticize some of the people of the place for refusing help asked for in the way of a team to take them to the interurban. They speak very highly, however, of Mr. and Mrs. Sims. The girls were especially brave under the trying circumstances, and gave no cry of any kind. Both are completely recovered from the shock.

## NOW A DIVORCE SUIT IS FILED

Martinsville, Ind., February 15.—A marriage that did not have a happy sequel is that of Walter Bain and Emma Hite, as shown by suit for divorce instituted by Mrs. Bain. Both are well-known young people. They were married in Illinois, August 22, 1904, while the defendant was a student at DePauw. They agreed to keep the marriage a secret and not live together till after Bain had completed his studies at DePauw. As a result the relatives were unacquainted with the facts for two years. Meanwhile Bain's affection cooled, and after completing his course he refused to live with his wife, and he has not done so since they were married. The wife alleges abandonment and demands \$1,000 alimony. Bain is a civil engineer at Milwaukee, Wis. He is resisting the application for alimony, but will not oppose a decree of divorce, which awaits a settlement of her demand.

BABY GIRL CRIED AND SCRATCHED

At the Time—Torturing Eczema Covered Her Body—Could Not Sleep—Doctor Said Sores Would Last for Years—Skin Now Clear. CURED IN THREE MONTHS BY CUTICURA REMEDIES

"I take great pleasure in telling you that a great help it was for me to use Cuticura Soap and Cuticura Ointment on my baby niece. She was suffering from that terrible torture, eczema. It was all over her body but the worst was on her face and hands. Her hands were so bad that she could not hold anything, and she could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the pain of it.

## NEW RIFLE FOR MILITIA

Washington, Feb. 13.—Active Secretary Oliver makes the important announcement that the war department at last is in a position to completely arm the organized militia of the country, 100,000 strong, with the new highpower army rifle or musket. The weapon is officially known as the model of 1903, re-chambered for the ammunition of 1906, the distinguishing feature of which is the new sharply pointed light steel-clad bullet with its enormous range and flat trajectory. Governors of states may have the new rifle for their militia upon requisition and turning in the Krag-Jorgensen or the type used in the Spanish-American war, the first magazine shoulder arm regularly issued to the American army.

## LEM JOHNS IN THE RAGE

Still Another Republican is out for the Post Office Plumb—New man Mentioned as having been Promised by Mr. Maxwell.

## HAS ZEIS'S SUPPORT WAVERED?

As the fight between the Republicans for delegates to the Congressional convention grows warmer in the county, another candidate for the post office job has sprung up. Lemuel Johns in the new candidate, who will strive to land the plumb. Mr. Johns, so the story goes, has been promised the job by Howard Maxwell, and is out fighting like a demon for Maxwell delegates.

As Charley Zeis has been conceded to be the Maxwell leader here and, as it is understood that he has been promised the postoffice by Mr. Maxwell, some of the people are wondering where Mr. Johns gets in. It is rumored that Zeis is the real "honest to goodness" man for the place and the Mr. Johns, has been worked upon in order to get him lined up and working for the Maxwell gang.

Others say that Zeis has been cast aside and the Mr. Johns will get the plumb if Maxwell is nominated and elected. So far the Maxwell leaders have not divulged the names of the men they will put up for candidates for election as delegates at the convention next Friday night. It is rumored, it is said on good authority however, that Frank Gilmore and Glen Hamrick, will be the candidates. The Gully leaders are now saying that they will elect at least 10 of the 11 delegates from Putnam county and that Clay county will also elect a majority Gully delegates. They further claim that Vigo county has been struck by a Gully wave that will sweep Maxwell's candidacy into oblivion. When this is told a Maxwell man he just smiles and says, "Wait and see."

## A "MOTHER GOOSE" AFFAIR

Mr. and Mrs. J. P. Allen, Jr., Delightfully Entertain Twenty-Eight Guests at Six O'clock Dinner at Their New Home on Walnut Street Wed. Evening Entertainment by Elocutionist.

Mr. and Mrs. J. P. Allen delightfully entertained twenty-eight guests at six o'clock dinner at their new home on Walnut street, last evening. A delightful two course supper was tastefully served after which the guests were entertained by readings by Roy Rawlings, a talented elocutionist of DePauw.

A feature of the evening was the "Mother Goose" affair. Each woman guest was given a slip of paper with the name of one of the gentlemen guests and a line from either "Mary Had a Little Lamb" or "Jack and Jill" upon it. The first to go into the dining room was the lady and her partner upon whose slip was written the first line of the rhyme, which she read. Following them came the ones with the second line of the rhyme, which also was read. This scheme was followed out until all were in the dining room.

The guests of the evening were: Dr. J. S. Hoagland, Miss Martha Ridpath, Mr. and Mrs. F. A. Arnold, Dr. and Mrs. W. F. Swahlen, Mr. and Mrs. J. P. Allen, Mr. and Mrs. H. C. Allen, Prof. and Mrs. H. G. Woody, Dr. and Mrs. W. V. Brown, Dr. and Mrs. Andrew Stephenson, Dr. and Mrs. H. A. Gobin, Prof. and Mrs. W. T. Seaman, Mr. and Mrs. N. S. Joslin, Mr. and Mrs. W. C. Van Arsdell, Prof. and Mrs. W. ## COUNTY NOT "LAND OWNER"

A county having control of a free gravel road which will be affected by the construction of a proposed public drain, is not to be counted as one of the "land owners" in determining how many of the landowners must join in a remonstrance to defeat the construction of the drain. This was the effect of a decision of the Appellate court in reversing the case of Morton S. Honnald and others vs. Cassius L. Endicott. Endicott petitioned for a drain through his own farm and the farms of four of his neighbors and across a gravel road, naming both the township and the county as "owners" of the highway, and if the county was not counted as a "landowner" they constituted the necessary two-third of the landowners affected who could defeat the ditch proceeding.

## INDIANA'S COAL SUPPLY

The enormous extent and importance of Indiana's coal mining industry furnishes the text for a chapter in the report, just off the press of the United States Geological Survey. The report states that the total production of Indiana coal in 1906 was 12,092,560 short tons, which had a spot value of \$13,116,261.

"Indiana," says the report, ranks sixth among the coal producing states and its production has increased with marked rapidity during the last decade. The output in 1906 was almost exactly double that of 1899 and was more than three times that of 1896. The increase of 1906 over 1905, from 11,895,252 short tons to 12,092,560 short tons was not large comparatively, (197,308 tons), but when the loss of time is considered due to the suspension of operations of nearly all of the important mines during the settlement of the wage scale, the increase is significant.

## WOMAN'S CLUB RECEIVES

Anniversary of the Formation of the First Club of the State Celebrated Friday Night at the Hay's Home.

## HUNDRED GUESTS WERE PRESENT

The tremendous storm of Friday night did not deter some hundred guests and members of the Woman's Club of Greencastle from meeting in honor of the anniversary of the club's organization. The large and beautiful home of Mr. and Mrs. S. A. Hays was thrown open for the occasion. It was exquisitely decorated with cut flowers, narcissus and carnations being most in evidence.

The evening's program was begun by a speech by the president, Mrs. Mary Mathias. She stated that the club was the oldest in the state that had held meetings continuously since organization. The club had invited the guests present to share in the celebration of its anniversary.

Following this introduction a program of music and readings was given. Miss Alice Potter gave several vocal numbers that were much appreciated, and Miss McCoy of the DePauw School of Music gave several numbers upon the piano which delighted all present. The readings were given by Mr. Nattkemper of the university and were unusual in their character and excellence. The readings were from Riley, Kipling and there were also several humorous selections.

Two course refreshments were served. The club met Sat. afternoon, and the paper was given by Mrs. John Miller. Many guests were at the program.

## RECRUITING OFFICE HERE

Government Establishes Permanent Quarters of Soldiers for the United States Army.

## WILL BE HERE A YEAR OR MORE

Sergeant Chas. Smith of the United States Army Monday opened a recruiting office in the room on the second floor of the Grubb block directly above the Conn clothing store. The flags of the office are suspended in front of the room, and all will soon be in readiness for the reception of recruits.

The room is being fitted up for permanent quarters. Sergeant Smith states that the office will be open here for a year and possibly for two years. There is need of many men in the army, scarcely a regiment having its full quota. The coast defenses, also, need many more men to properly handle and care for the great guns that are being mounted.

Sergeant Smith wears the new greenish-brown uniform of the kaki regulation, and makes a handsome appearance. The uniform is as picturesque without being so conspicuous as was the dark blue of the old time garments.

The furniture for the office came Monday by freight direct from the government, and is being put in place today.

## THEY PRAYED IN GREENCASTLE

Mayor and Citizens Forced into Involuntary Devotion by Freak of Interurban Car at New Station Here.

A few days ago Mayor Shattuck, R. L. Keith, O. F. Leonard and several other Brazilians took the interurban car at Greencastle. The car had stopped in front of the waiting room there and both the conductor and motorman stepped in to the office to report. For some unaccountable cause the car suddenly got busy of its own accord and started down the street motormanless and conductorless at a smart pace. The car officials saw the danger and gave pursuit. It was a pretty race for a time and one of the officials overtook it and brought the car to a stop. He insists that when he looked around he saw every Brazilian on his knees offering up a prayer for deliverance. We have it from good authority that this was the first time some of the party were ever on their knees.—Brazil Times.

## CURE YOUR KIDNEYS

Do Not Endanger Life When a Green-castle Citizen Shows You The Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Green-castle testimony:

Ed. Ackerman, living on Washington St., Greencastle, Ind., said in 1901: "I broke down on account of kidney complaint and was in a bad state for two weeks, being unable to get around at all. Pains across my loins were severe and the kidney secretions were irregular and unnatural in appearance. On account of this weakness I was obliged to rise many times during the night. Doan's Kidney Pills gave me prompt and lasting relief from all these troubles."

**Cured to Stay Cured.**  
Mr. Ackerman repeated his previous statement in 1906 and added: "The cure Doan's Kidney Pills made some years ago was permanent in every respect, and it gives me much pleasure today to confirm my endorsement given at that time."

## REPUBLICANS UP IN ARMS

**FIGHT FOR GULLEY AND MAXWELL DELEGATES IN THE CITY AND OUT DISTRICTS IS BEING WAGED—TOWNSHIP CONVENTION TO BE HELD IN THE COURT HOUSE NEXT FRIDAY EVENING.**

## NOW LOOK LIKE GULLY HERE

**Ring Is Split and Fight Is at Fever-heat—Alex Lockridge, Thad Peck and Elem Denny Are Candidates for Delegates on the Gully Slate—Post Master Dunbar a Target.**

Never in many years has so bitter a sight as now is on in Putnam county between the Gully and the Maxwell Anti-Dunbar factions of the Republican party for delegates to the Fifth District Congressional convention been a wager. The fight is so bitter that in several instances in the past few days members of the two factions nearly have come to blows over the affair.

The leaders of the Champions of Mr. Gully are Thad Peck, Harry Smith, Alex Lockridge, Andy Hanna, George Black, Roy Abrams and several others. Postmaster Dunbar, Charles Zeis, and Gene Hamrick are leading the fight for Mr. Maxwell. It is said that both Mr. Peck and Mr. Smith have promises of the post office from Mr. Gully and that Charles Zeis has the promise of the job in case it is within the power of Mr. Maxwell to fix it for him. Park Dunbar is slated for the assistant Postmastership in case Mr. Zeis lands the plum, it is said.

Already the Gully leaders have named their choice for delegates. The men who will be before the convention next Friday night for election as delegates to the Congressional convention on the Gully slate are Alex Lockridge, Thad Peck and Elem Denny. The Gully men say that there is nothing to it in this county and that they will easily elect their candidates. As Mr. Lockridge said Friday morning "Oh, Hello, we've got them going every way!"

The Maxwell leaders are still confident that they will land their delegates, however, and most of them have left their business to do some fence building. The argument that Maxwell is a representative of the brewery interests is being used against their man and it seems to be having a telling effect.

Another weapon which is being used by the Gully people against Maxwell is that he is supported by Postmaster Dunbar and those who have an ax to grind with the postmaster are fighting him most bitterly. The Maxwell faction had a secret meeting at the commercial hotel last night but if they chose their candidates for delegates they have yet made them public.

It is said that virtually every Republican in Greencastle township will attend the convention next Friday night and that one of the most bitter debate conventions fight ever held in Putnam will result.

As a result of the fight the Ring has been split and now it is not at all uncommon and is very humorous, to say the least, to hear such old "ringsters" as Thad Peck and Harry Smith crying "Down the Gang" in their arguments. As it looks now Greencastle will elect Gully delegates. The township is entitled to three delegates. The county is entitled to eleven all together.

## NEW BOOKS FOR LIBRARY

The city library has just added to its collection of books a set of which the library is justly proud. This is the "Historians History of the World" in twenty-five mammoth volumes. The books are a complete library of history in themselves, giving the story of the worlds history in reasonably accurate form, and in the words of the great historians from the earliest modern times. It is a very valuable work of reference.

## NEW BOOKS ARE RECEIVED

Through the kindness of Dr. William A. Riley of Cornell University the Alfred Dickey Library of Biological Science has received a complete set of the famous "Nature Study Leaflets" issued by that institution.

Besides the "Nature Study Leaflets" there is a copy of the bound volume of "Nature Study" a work long since out of print and at the time of its publication it could be obtained with only the greatest difficulty. It was secured by special favor of the Dean of Cornell.

Dr. Riley who was instrumental in securing the "Leaflets" is an alumnus of DePaul. After leaving here he did post-graduate work at Cornell and has since been retained on the Faculty as assistant professor of Entomology. He is a brother of Miss Ida Riley of the senior class.

Word has also been received by the Biological Department that a complete set of reports of Agricultural Experiment Station of the State College of Kentucky is being forwarded to be placed in the Dickey Library. M. A. Scovell Director of the Station, is sending the reports.

#### A MAN OF DESTINY.

He who has watched the progress of Mr. Bryan through the cities of the United States, of which progress the ovation given him in Indianapolis is but an incident, can but feel that in no ordinary way this man is related to the welfare of this country. We call our readers to witness that we have not been in vainly enthusiastic over Mr. Bryan. We have felt that he was an able man, a good man, a powerful man, the logical and inevitable candidate of the party. But he who saw and heard Mr. Bryan in Indianapolis Sunday or Monday was forced to the conviction, will he, nill he, that Mr. Bryan is more than this. He is more than any other man the ideal of the people of this country. For no other man have the citizens thronged the street as for him. For no other man have men, women and children crowded halls and stood in aisles to listen spell bound. For no other man have rich and poor, taught and untaught, vied and jostled and struggled to come within reach of his voice. Without the aid of official position or official action, by the sheer force of personality and manhood, he has made friends of once carping enemies, and those who praise of those who scoffed. He has been dominant in defeat. Coming almost unknown into the leadership of the Democratic party, giving to the people ideas so advanced that they seemed radical and dangerous, he has by calm persistence, by patient reasoning, by the aid of enacted history, proved his ideas true and established world-wide respect and esteem. Under

the charm of his presence the enmity of political opponents disappears. Individuals and the press of opposite political convictions, honor him for his manhood, his intellect, his sincerity and his power. The Indianapolis News, held by Indiana Democrats to be the most insidious in its attacks upon Democracy of all the Republican organs of the state, said of Bryan after the addresses of Sunday in Indianapolis, editorially declaring that: "He has discovered himself to the people to be a man of white life, with pure heart and clean hands, a man of religious convictions steadfast for things of good report." "He touches life and society in its religious, its social, its charitable expression, until today he appears in more relations to life and speaking tomorrow of his fellow citizens eager to hear than any man in our history." What higher praise can be given? Who believing in right would refuse to follow such a man? He is a statesman. Slowly the country and his political enemies acknowledge the truth of his beliefs. In 1896 he declared there was not sufficient money for the business of the country. He was hooted. But in 1907, with 25 per cent. increase in the per capita quantity of money, a panic breaks, and a Republican senator from Rhode Island proposes in the senate a reform currency bill, based not even upon silver, but upon watered stock, wildcat paper, issued by predatory corporations as instruments of thievery. It was not free silver Bryan wanted, but more money, silver being but the means to the end. And now the Republicans acknowledge he was right. He is honest. On Monday night, standing before the assembled Democrats of Indiana, lusting for victory in the campaign, he had the courage to say that he would stand only upon an honest platform, without compromise and without double meaning, preferring defeat for truth, to victory bought by lying statements dictated by policy and political scheming. He is religious. Sunday he spoke and the religious world listened. Indianapolis has heard few such sermons. When it was finished men who had thought little of such matters were touched and troubled. He lifts no wine cup to his lips. He stands flat footed for the things he believes are right. Calling for justice to all and special privileges to none. And this man is the leader of the Democratic party, deserving

their wholehearted, unwavering support, not only to the ballot box, but through the four years of struggle that will follow—the struggle in Washington for the rights of the people.
